## USING THE SITE AS A LANDOWNER OR LAND MANAGER - BIDDING FOR FUNDING

The Site is an online auction platform which enables landowners or land managers to bid for funding to deliver environmental measures. This section sets out provisions that will apply when you use the Site as a landowner.

In order to bid, you must register as a user of the Site. The bidding process allows you to select locations on your land in which you propose to implement environmental measures, and propose an amount of funding with which you could implement those measures. Your bids will then be reviewed by one or more of the environmental agencies, advisory groups or Governmental authorities (in each case an Authority) involved in the auction or in the relevant funding. The Authority may, at its option, award funding to suitably competitive bids.

If you submit any bid through the Site, then your name, contact information and other information in relation to your bid will be provided to the relevant Authority so

that they may evaluate your bid and contact you if it is successful. Each Authority will be a data controller in its own right in relation to your personal data and will use your personal data as described in its own privacy policies or privacy notices.

Our role in providing the Site is simply to provide a platform for the submission and review of bids. We do not guarantee that any bid will be successful or that the Authority will act on or respond to any submitted bid. The Authority will contact you if it is interested in progressing your bid. Any contract between you and the Authority in relation to your environmental commitments and the associated funding will be concluded between you and the Authority and will be agreed and concluded offline rather than through the Site. We will not be a party to any contract between you and the Authority and are not responsible for your or the Authority's performance.

You will have no rights or remedies against us in relation to the award (or non-award) of any funding, or otherwise in relation to your relationship with the Authority, and hereby irrevocably waive any such rights or remedies.

In using the Site and submitting any bid, you warrant that:

- all information provided by you through the Site is accurate at the time it is provided and shall remain so unless you notify us otherwise;
- in particular, you are the registered freehold or leasehold proprietor of the land which is the subject matter of any bid, or shall have legal tenure over that land;
- you are able to exercise the responsibility of stewardship over the land without the need to obtain any further consents or permissions from any third party (such as a landlord);
- at the time of bidding, you have not entered into any agreement or commitment, and the land is not subject to any restrictive covenant, that would prevent or restrict your performance of the environmental measures proposed.

These warranties are for the benefit of, and may be relied on by, the Authority. They do not limit any other warranties or obligations you might subsequently agree with the Authority.

We may retain anonymised bid data indefinitely for the purposes of our research. Any personal data contained in any bid data will be used by us in accordance with our [Privacy Notice](#).
